SUMMARY

Motivated and dedicated B.Tech student (2026 batch) from Ajay Kumar Garg Engineering College, specializing in Artificial Intelligence and Machine Learning. Passionate about how to work with data, build ML models, and use Python for real-world problems. Through college projects and labs, I've gained hands-on experience in basic ML techniques like classification and clustering. I enjoy learning new things and want to grow my skills by working on real ML projects in a good company or internship.

PROJECTS

Machine Learning Lab Work

- Technologies: Python, scikit-learn, Jupyter Notebook
- Built simple machine learning models like Linear Regression and K-Nearest Neighbors.
- Worked on small datasets to understand model training, evaluation, and accuracy.

EDUCATION

B.Tech in Computer Science and Engineering	Oct 2023 - Jul 2026
Ajay Kumar Garg Engineering College, Ghaziabad <ul style="list-style-type: none">• Specialization in Artificial Intelligence and Machine Learning.	
Diploma in Civil Engineering	Sep 2020 - Jul 2023
Board of Technical University, Uttar Pradesh <ul style="list-style-type: none">• Relevant coursework in Structural Design and Project Management.	
Intermediate	Apr 2019 - Jul 2020
Kendriya Vidyalaya, Mahoba	
High School	Apr 2017 - May 2018
Kendriya Vidyalaya, Mahoba	

TECHNICAL SKILLS

- **Languages:** Python, HTML/CSS, JavaScript
- **Technologies:** Google Colab, Jupyter Notebook, VS Code
- **Libraries:** scikit-learn, pandas, NumPy, Matplotlib
- **Database:** MySQL
- **Soft Skills:** Communication, Problem Solving, Analytical Thinking
